

BLACKSTONE EUROPEAN PROPERTY INCOME FUND

S U P P L E M E N T A R Y D I S C L O S U R E S

As of May 23, 2023

TO: The limited partners and prospective investors in Blackstone European Property Income Fund S.L.P. (the “Fund”)

The semi-annual report for the Fund for the financial period ended June 30, 2022 is available on the Fund’s website at www.bepimmo.com. The annual report for the Fund for the financial period ended December 31, 2022 is currently under preparation and will be available by June 30, 2023 in accordance with the limited partnership agreement of the Fund (the “LPA”). Please also note that the LPA has been updated on April 5, 2023 and the revised version is available on the Fund’s website.

As more fully described in the LPA, the Fund permits limited partners to request redemptions on a monthly basis. See Article 15 “Redemption of Units” in the LPA. Since formation, BEPIF’s redemption program (the “**Redemption Program**”) has allowed for redemptions generally limited to 2% of net asset value (“NAV”) in any month and 5% of NAV in a calendar quarter¹. This structure was designed both to prevent a liquidity mismatch and maximize long-term shareholder value.

BEPIF received redemption requests exceeding its 5% of NAV quarterly limit for the first quarter of 2023. Accordingly, these redemption requests were prorated and satisfied up to the 5% limit in accordance with the terms of the Redemption Program. As a result, in total, approximately EUR 64 million of redemption requests were satisfied in the first quarter of 2023. Given redemption requests exceeded the monthly limit in April, BEPIF fulfilled redemption requests of EUR 25 million, which is equal to 2% of NAV in accordance with the Redemption Program¹. Adjusting for redemption requests expected to be satisfied in May, there would be approximately EUR 286 million of cumulative unsatisfied redemption requests². Under the terms of the Redemption Program, these redemption requests will be automatically resubmitted for the next available redemption date unless investors choose to withdraw or revoke them before then.

If you have any questions about the contents of this communication, please contact PrivateWealthEMEA@Blackstone.com.

Important Disclosure Information

*All information provided is as of May 23, 2023, unless otherwise indicated. This information may not be relied on in any manner as legal, tax, investment, accounting or other advice or as an offer to sell, or a solicitation of an offer to buy, any security or instrument in or to participate in any trading strategy with any Blackstone fund, account or other investment vehicle (each a “**Blackstone Fund**”), nor shall it form the basis of, or be relied on in connection with, any contract or investment decision. None of Blackstone, its funds, nor any of their affiliates makes any representation or warranty, express or implied, as to the accuracy or completeness of this information and this information should not be relied upon as a promise or representation as to past or future performance of a Blackstone Fund or any other entity, transaction, or investment. Capitalized terms used herein but not otherwise defined have the meanings set forth in the LPA. When used in this document, “BEPIF” refers to the BEPIF fund complex as a whole, including the Fund, its parallel entities and their feeders.*

There is no current public trading market for the units, and Blackstone does not expect that such a market will ever develop. Therefore, redemption of units by the Fund will likely be the only way for you to dispose of your units. The Fund expects to redeem units at a price equal to the applicable net asset value as of the redemption date and not based on the price at which you initially purchased your units. Units redeemed within one year of the date of issuance will be redeemed at 95% of the applicable net asset value as of the redemption date, unless such deduction is waived by the Fund in its discretion, including without limitation in case of redemptions resulting from death, qualifying disability or divorce. As a result, you may receive less than the price you paid for your units when you sell them to the Fund pursuant to the Redemption Program. The vast majority of the Fund’s assets usually consists of real estate properties and other investments that cannot generally be readily liquidated without impacting the Fund’s ability to realize full value upon their disposition. Therefore, the Fund may not always have a sufficient amount of cash to immediately satisfy redemption requests. As a result, your ability to have your units redeemed by the Fund may be limited and at times you may not be able to liquidate your investment. Please refer to the LPA and, in particular, Annex 1: “Risk Factors, Potential Conflicts of Interest and Other Considerations – Transfers & Liquidity” for further details.

¹ Refers to the up to 2% of NAV monthly redemption limit and up to 5% of NAV quarterly redemption limit under the Redemption Program. For the avoidance of doubt, both of these limits are assessed during each month in a calendar quarter. Shares or units issued as payment of the Management Fee are not subject to the limitations and calculations related to the Redemption Program (including exclusion from the calculation of NAV used to determine the redemption limits). Further, BEPIF may make exceptions to, modify or suspend the Redemption Program in exceptional circumstances and not on a systematic basis. Please see the Prospectus and www.bepif.com for more information on the Redemption Program.

² Valid redemption requests as of May 23, 2023 for May 31, 2023 redemption date, and based on NAV per unit as of April 30, 2023.
